
Capital City Youth Services, Inc.
Registered Nurse

CCYS is seeking a diversely skilled person who will serve as a Residential Nurse to provide nursing services to youth at the Someplace Else Shelter. The nurse shall review documentation of youths' healthcare status upon admission to include.

- Develop a nursing care plan for youth with medical conditions. Plans shall include all known medical and dental appointments, current medications, and names of youths' community practitioners. Complete appropriate Medical Alerts, including nutrition and diet concerns.
- Provide health education for youth and parents/guardians on specific medications and chronic and acute health conditions to youths. Subject matter includes wellness with fitness, nutrition and positive coping skills. The Registered Nurse is responsible for oversight and management of medication distribution, secure storage and accountability of medications. This includes oversight of the following: Medication administration during on-site hours. When the Registered Nurse is on-site, medications shall be administered only by the Registered Nurse. Ensuring that non-licensed staff are trained, and know how to assist youth with self-administration of medications during hours when no licensed nurse is on-site. The responsibility of training and verifying competency of non-licensed staff in this task may not be delegated to another non-licensed staff. Verification of youths' medications brought to the shelter. This shall include communication with the youths' community pharmacy, medical provider and parent/guardian.
- Management of the Pyxis medication storage system, including medication inventory counts. The counts shall be conducted by the Registered Nurse and assigned staff persons trained in the appropriate medication counting system. The nurse is responsible for administering the medications to youth safely and accurately when on-site. When the nurse is not on-site, medication delivery shall be conducted by non-licensed trained staff persons.
- Monitoring Medication Distribution Logs (MDL) daily to ensure that medications provided by the non-licensed program staff through assisting the youth with self-administration are provided as prescribed.
