# Quality Improvement Review

Arnette House – February 26-27, 2020

Lead Reviewer: Ashley Davies

## CINS/FINS Rating Profile

### Standard 1: Management Accountability

|   |              |
|---|--------------|
| 1.01 Background Screening                   | Satisfactory |
| 1.02 Provision of an Abuse Free Environment | Satisfactory |
| 1.03 Incident Reporting                     | Satisfactory |
| 1.04 Training Requirements                  | Satisfactory |
| 1.05 Analyzing and Reporting Information    | Satisfactory |
| 1.06 Client Transportation                  | Satisfactory |
| 1.07 Outreach Services                      | Satisfactory |

**Percent of indicators rated Satisfactory: 100.00%**

**Percent of indicators rated Limited: 0.00%**

**Percent of indicators rated Failed: 0.00%**

### Standard 2: Intervention and Case Management

|  |              |
|--|--------------|
| 2.01 Screening and Intake                            | Satisfactory |
| 2.02 Needs Assessment                                | Satisfactory |
| 2.03 Case/Service Plan                               | Satisfactory |
| 2.04 Case Management & Service Delivery              | Satisfactory |
| 2.05 Counseling Services                             | Satisfactory |
| 2.06 Adjudication/Petition Process                   | Satisfactory |
| 2.07 Youth Records                                   | Satisfactory |
| 2.08 Sexual Orientation, Gender Identity/ Expression | Satisfactory |
| 2.09 Special Populations                             | Satisfactory |
| 2.10 Stop Now and Plan (SNAP)                        | Satisfactory |

**Percent of indicators rated Satisfactory: 100.00%**

**Percent of indicators rated Limited: 0.00%**

**Percent of indicators rated Failed: 0.00%**

### Standard 3: Shelter Care & Special Populations

|                                     |              |
|-------------------------------------|--------------|
| 3.01 Shelter Environment            | Satisfactory |
| 3.02 Program Orientation            | Satisfactory |
| 3.03 Room Assignment                | Satisfactory |
| 3.04 Log Books                      | Satisfactory |
| 3.05 Behavior Management Strategies | Satisfactory |
| 3.06 Staffing and Youth Supervision | Satisfactory |
| 3.07 Video Surveillance System      | Satisfactory |

**Percent of indicators rated Satisfactory: 100.00%**

**Percent of indicators rated Limited: 0.00%**

**Percent of indicators rated Failed: 0.00%**

### Standard 4: Mental Health /Health Services

|  |              |
|--|--------------|
| 4.01 Healthcare Admission Screening      | Satisfactory |
| 4.02 Suicide Prevention                  | Satisfactory |
| 4.03 Medications                         | Satisfactory |
| 4.04 Medical/Mental Health Alert Process | Satisfactory |
| 4.05 Episodic/Emergency Care             | Satisfactory |

**Percent of indicators rated Satisfactory: 100.00%**

**Percent of indicators rated Limited: 0.00%**

**Percent of indicators rated Failed: 0.00%**

### Overall Rating Summary

**Percent of indicators rated Satisfactory: 100.00%**

**Percent of indicators rated Limited: 0.00%**

**Percent of indicators rated Failed: 0.00%**

## Quality Improvement Review

Arnette House – February 26-27, 2020

Lead Reviewer: Ashley Davies

### Rating Definitions

Ratings were assigned to each indicator by the review team using the following definitions:

|                         |  |
|-------------------------|--|
| Satisfactory Compliance | No exceptions to the requirements of the indicator; limited, unintentional, and/or non-systemic exceptions that do not result in reduced or substandard service delivery; or exceptions with corrective action already applied and demonstrated. |
| Limited Compliance      | Exceptions to the requirements of the indicator that result in the interruption of service delivery, and typically require oversight by management to address the issues systemically.   |
| Failed Compliance       | The absence of a component(s) essential to the requirements of the indicator that typically requires immediate follow-up and response to remediate the issue and ensure service delivery.  |
| Not Applicable          | Does not apply.  |

## Quality Improvement Review

Arnette House – February 26-27, 2020

Lead Reviewer: Ashley Davies

### Strengths and Innovative Approaches

#### Rating Narrative

Since the last review the shelter had a Threat Assessment completed by a retired Sheriff. One suggestion made was to put a protective film on the windows and door. This film holds the glass together if it is broken so it does not shatter.

The kitchen was painted.

A game room was made in the schoolhouse. All games were donated.

The pool is up and running. The program has implemented pool time into the behavior management system as an incentive to do well in the program.

A private foundation has funded a vocational program at the shelter. The kids do electrical, home maintenance, and plumbing. They have built a small camper, sheds, and are currently building a tiki bar. All items the kids build are auctioned off or donated.

The former Independent Living Program is now the Stop Now and Plan (SNAP) House. It is used for SNAP sessions and dinners.

### Standard 1: Management Accountability

#### Overview

The Arnette House youth shelter is managed by a Chief Executive Officer (CEO) and Chief Operating Officer (COO). The COO oversees one senior team leader and three other team leaders who operate the shelter. The COO and senior team leader oversee the day to day operations of the shelter. At the time of the review the shelter was fully staffed.

Since the last review, the shelter has finished the on-site pool. The pool is surrounded by a chain link fence with an alarm on the gate. All staff have been lifeguard trained. The use of the pool has been worked into the shelters Behavior Management System as an incentive for the youth to do well in the program.

The program collects and reviews data from various sources on a monthly basis. All incidents, accidents, grievances, outcome data, NetMIS data reports, and customer satisfaction data is discussed monthly at the PQI meeting with all department heads, at the all-staff meeting, and also at the Board of Directors meeting. Case record reviews are conducted every Friday by the Clinical Supervisor. The program has one person, the Intake Coordinator, that is responsible for inputting all data into JJIS and NetMIS.

All indicators in standard one were rated satisfactory with exceptions noted in 1.01 Background Screening Requirements and 1.04 Training Requirements. The exception noted in 1.01 was due to a pre-employment suitability assessment not found for a newly hired direct care staff. The exceptions noted in 1.04 was due to one staff receiving three trainings outside the 120-day required time frame and another staff receiving one training outside the 120-day time frame. All other indicators in standard one were rated satisfactory with no exceptions.

### Standard 2: Intervention and Case Management

#### Overview

Arnette House provides residential and non-residential counseling and case management services over two counties, Lake and Marion, across Circuit 5.

The Clinical Supervisor, who is a Licensed Mental Health Counselor (LMHC), oversees both programs. The residential counseling program consists of two counselors. The non-residential program consists of two counselors funded by the FNYFS and three counselors funded by a United Way Grant. The non-residential counselors have offices on-site. The agency also operates a Stop Now and Plan (SNAP) program at this site. The SNAP program is staffed with two case managers and two group facilitators. At the time of the review one of the group facilitator positions was vacant. The SNAP program is housed on-site in a separate building.

The program has only provided domestic violence and probation respite services in the last year. The program has not had any examples of Domestic Minor Sex Trafficking or Family and Youth Respite Aftercare Services (FYRAC) youth in the last year. This site also does not provide Intensive Case Management Services. The program is currently maintaining paper files.

All indicators in standard two were rated satisfactory with exceptions noted in indicators 2.01 Screening and Intake and 2.10 Stop Now and Plan (SNAP). The exceptions noted in 2.01 were due to three out of ten files containing Client Consent forms not filled out in their entirety. Exceptions noted in 2.10 were due to three out of eight files reviewed did not have the pre-Teacher Report Form (TRF) completed in the file or reasons why it could not be completed. Two out of eight files reviewed did not have documentation of the TOPSE being completed at intake or reasons why it could not be completed, and one out of four closed files did not document the post-TRF was completed in the file or reasons why it could not be completed. All other indicators in standard two were rated satisfactory with no exceptions.

## Quality Improvement Review

Arnette House – February 26-27, 2020

Lead Reviewer: Ashley Davies

### Standard 3: Shelter Care

#### Overview

Arnette House residential program is led by a COO/Shelter Program Manager and a senior team leader who oversee three additional team leaders and nine full-time and two part-time direct care workers. The shelter runs three shifts. At the time of the review, there were no vacant positions.

Other than the addition of the outdoor swimming pool, there were no other major upgrades or physical changes to the shelter. The agency did not have any new vehicles at the time of the review.

The shelter follows a daily schedule that allows time for school, homework, reading, meals, recreation, and sleeping. The schedule is posted in all common areas throughout the shelter.

The program has an effective Behavioral Management Strategy (BMS). It is explained to the youth during program orientation. The BMS includes a wide variety of incentives and appropriate interventions to teach youth new behaviors and help youth understand the natural consequences for their actions. Consequences for violations of program rules are applied logically and consistently. The program uses a variety of rewards/incentives to encourage participation and completion of the program.

Arnette House is licensed by the Department of Children and families for thirty beds. The agency serves both CINS/FINS and DCF program participants. At the time of the review the shelter had seven CINS/FINS youth.

All indicators in standard three were rated satisfactory with exceptions noted in indicators 3.01 Shelter Environment and 3.04 Log Books. The exception noted in 3.01 was due to chemicals being inventoried approximately every two weeks instead of weekly as required by the program's policy. The exception noted in 3.04 was due to errors in the logbooks not always being documented appropriately. All other indicators in standard three were rated satisfactory with no exceptions.

### Standard 4: Mental Health/Health Services

#### Overview

The residential counseling services in the shelter are overseen by the Clinical Supervisor who is a Licensed Mental Health Counselor (LMHC). Services are provided by two, master's level, residential counselors. In addition, the program's Chief Executive Officer is also a LMHC, in case the Clinical Supervisor is not available.

All youth are screened for suicide at intake using the six approved questions on the CINS Intake Assessment form. If youth receive a positive screening they are placed on sight and sound supervision until seen and assessed by a qualified mental health professional. All staff receive training on suicide prevention.

Health services are overseen by a part-time registered nurse (RN). The RN is on-site two to three days per week mostly during morning hours. The RN will distribute all medications when on-site and trained youth care workers will distribute medications when the RN is not on-site. The RN provides various trainings for staff, including Medication Administration. All staff are CPR and first aid certified.

All medications in the facility are stored in the Pyxis Med-Station 4000 Medication Cabinet. The RN completes a weekly inventory of all medications on-site. Youth care workers complete shift-to-shift inventories of all controlled medications and maintain perpetual inventories of all other medications. Over-the-counter medications are inventoried at least two to three times per week and when given.

All indicators in standard four were rated satisfactory with exceptions noted in 4.02 Suicide Prevention and 4.03 Medications. The exceptions noted in 4.02 were due to observation times being written over on one youth's observation sheet and three entries on another observation sheet that a staff member initialed one entry then drew an arrow down for the next three entries instead of initialing each entry. The exception noted in 4.03 was due to no documentation that staff had received Epi-Pen training. All other indicators in standard four were rated satisfactory with no exceptions.

| <b>RATING</b>                  | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>        | <input type="checkbox"/> | <input type="checkbox"/> | <p>There were six residential youth files reviewed, two closed and four open. All six youth had alerts documented on the daily logs, which the staff complete three times a day. There is a detailed process in place to ensure information concerning a youth's medical and/or mental health treatment information is communicated to all staff. The program starts gathering information at intake, the nurse and counselor gather and document supplemental information in their assessments with the youth, and there is the daily log that they pass the information through. Staff are provided sufficient information and instructions to recognize and respond to the need for emergency care for medical and/or mental health problems.</p> <p>The program's practice in place does not match the program's policy titled Mental Health and Substance Abuse Screening and Alert. Per the program's policy the screening information collected will be documented on the Medical and Mental Health Alert Form located in file. The form requires a staff signature at the bottom. The agency stated they have the guardian complete the Medical and Mental Health Alert Form and sign it, not the staff. Therefore, a majority of the alerts</p> | No exceptions  |

**Florida Network for Youth and Family Services  
Compliance Monitoring Report for**

**Arnette House  
2310 NE 24<sup>th</sup> Street  
Ocala, FL 34470**

**Compliance Monitoring Services Provided by**

## EXECUTIVE SUMMARY

Forefront LLC conducted a joint Quality Improvement (QI) and Florida Network of Youth and Family Services (FNYFS) monitoring visit for Arnette House for the FY 2019-2020 at its program office located at 2310 NE 24<sup>th</sup> Street, Ocala, Florida. Forefront LLC (Forefront) is an independent compliance monitoring firm that is contracted by the FNYFS to perform onsite program reviews to assess the agency's adherence to fiscal, programmatic and overall contract requirements. Arnette House is contracted with the Florida Network of Youth and Family Services (FNYFS) to provide direct services to Children/Families in Need of Services (CINS/FINS). The services to be provided are identified in Contract Section A - Descriptions and Specifications and Section B - Delivery and Performance and are funded with General Revenue Funds effective for July 2019 through June 30, 2020.

The review was conducted by Ashley Davies, Consultant for Forefront LLC and Peer Reviewer(s). Agency representatives from Arnette House present for the entrance interview were: Mark Shearon, COO; Jason Kasten, CFO; Cheri Pettitt, CEO; Pamela Washington, Direct Care Supervisor; Theresia Jackson, Clinical Supervisor; and Toshiko Brown, SNAP Facilitator. The last onsite QI visit was conducted December 11 – 12, 2018.

In general, the Reviewer found that Arnette House is in compliance with specific contract requirements. **Arnette House received an overall compliance rating of 100% for achieving full compliance with eleven indicators** of the CINS/FINS Monitoring Tool. There were no corrective actions as a result of the monitoring visit; however, no recommendation was made for an indicator rated as conditionally acceptable.

The following report represents the results of the in-depth evaluation of the provider's General Administrative performance, with all findings clearly documented. Copies of all completed tools utilized during the visit to determine these ratings will be maintained on file with the Reviewer. If any information or clarification is required, please contact Keith Carr by E-mail: [keithcarr@forefrontllc.com](mailto:keithcarr@forefrontllc.com)

## CONCLUSION

Arnette House has met the requirements for the CINS/FINS contract as a result of full compliance with eleven applicable indicators of the Administrative and Fiscal Contract Monitoring Tool. Two of the thirteen indicators were not applicable because: 1) the provider does not have any outstanding corrective action item(s) cited by an external funding source, and 2) does not have any current inventory purchased with DJJ/FN Funds. Consequently, **the overall compliance rate for this contract monitoring visit is 100%**. There are no corrective actions cited and no recommendation is made as a result of the contract monitoring visit. Overall, the provider is performing satisfactorily in meeting the fiscal and administrative terms of its contract. In addition, the majority of indicators reviewed were carried out in a manner which meets the standard as described in the report findings.

## SUMMARY OF RECOMMENDATIONS

### **Recommendation**

There were no recommendations as a result of this review.

If required, the provider must submit a corrective action plan to address corrective actions cited in the corresponding section of this report. The provider's Corrective Action Plan should address the issues, corrective actions item cited, time frames and staff responsible. Responses to items cited for corrective actions are due to the Florida Network and the Florida Network Contract Manager within fourteen (14) working days of receipt of this report (See Florida Network Site for the Service Provider Corrective Action Form). The Florida Network Contract Manager will then review the response to the corrective action(s) to determine if the response adequately addresses the problem identified in the report within three (3) days. Upon approval the provider will then implement the approved measure to address the item(s) cited in the report. If the corrective action is successful in resolving the items cited in the report the contract monitor will notify the Provider in writing that the desired resolution has been achieved. Log on to the Florida Network ([www.floridanetwork.org](http://www.floridanetwork.org)) website forms section and download the Service Provider Corrective Action Tracking Form.
