## CONCLUSION

Boys Town has met the requirements for the CINS/FINS contract as a result of full compliance with all five indicators of the Modified Administrative and Fiscal Contract Monitoring Tool. Consequently, **the overall compliance rate for this contract monitoring visit is 100%**. There are no corrective actions cited or recommendations made as a result of the contract monitoring visit. Overall, the provider is performing satisfactorily in meeting the fiscal and administrative terms of its contract. In addition, the majority all of the indicators reviewed were carried out in a manner which meets the standard as described in the report findings.

If required, the provider must submit a corrective action plan to address corrective actions cited in the corresponding section of this report. The provider's Corrective Action Plan should address the issues, corrective actions item cited, time frames and staff responsible. Responses to items cited for corrective actions are due to the Florida Network and the Florida Network Contract Manager within fourteen (14) working days of receipt of this report (See Florida Network Site for the Service Provider Corrective Action Form). The Florida Network Contract Manager will then review the response to the corrective action(s) to determine if the response adequately addresses the problem identified in the report within three (3) days. Upon approval the provider will then implement the approved measure to address the item(s) cited in the report. If the corrective action is successful in resolving the items cited in the report the contract monitor will notify the Provider in writing that the desired resolution has been achieved. ### Comments

Due to COVID-19, this review was conducted using the modified QI review plan.

Monitoring Purpose:

The purpose of this monitoring is to provide an annual quality improvement program review. This is to verify the agency adheres to all current CINS/FINS standards and contract compliance requirements for residential and non-residential services.

Strengths and Innovative Approaches

Boys Town of Central Florida (Boys Town) is located in Oviedo, Florida. The program is an affiliate of its national non-profit agency Father Flanagan's Boys Home with headquarters located in the Village of Boys Town, Omaha, Nebraska. Boys Town provides a variety of services from its main campus as well as in the surrounding community. Services include intervention and assessment; treatment family homes; in-home family services (IHFS); a national hotline; free online resources; parenting; project Safe Place; a comprehensive behavioral health clinic; and behavioral assessments. Community support services enable children and parents to tap into a wide variety of resources from agency experts or through direct specialized services. The Boys Town National Hotline® (800-448-3000) is a free resource and counseling service that assists youth and parents 24/7, year-round, and nationwide. Boys Town Press® produces books, audio products, DVDs, display materials and other resources to assist children, parents, caregivers, educators, and other professionals. YourLifeYourVoice.org is a special website that enables and encourages teens to share their problems and concerns in positive ways and provides access to immediate help in a crisis.

Funding through CINS/FINS allows the agency to serve both male and female youth up to seventeen years old that are locked out, runaway, ungovernable and/or truant, homeless, abuse, neglected, or at-risk. The agency also provides specialized services to youth who meet the criteria for Staff Secure shelter, Domestic Minor Sex Trafficking, and youth referred by the Juvenile Justice Court System for domestic violence, probation respite, and Family/Youth Respite Aftercare Services (FYRAC). The youth census during the QI (Quality Improvement) visit was 5 CINS/FINS and 7 DCF (Department of Children & Families) youth. Boys Town is currently accredited by the Council of Accreditation (COA) and was recently re-accredited through December 31, 2022.

The following programmatic updates and highlights since the last Quality Improvement review in February 2021 were reported to the QI team during the visit:

| <p>Facility Inspection</p> |  | <p>X</p> |  |  |  | <p>A tour of the facility was conducted with the Program Manager. During the tour, the furnishing was observed to be in good condition with no rips or tears. All beds appeared sturdy and functional. No insect droppings or infestation was noticeable. The shelter is located on a large campus with adjacent residential cottages used for other funding agencies. The exterior areas are well maintained and free of debris/hazard. The campus has adequate recreational spaces for outdoor activities. A large dumpster is located across from the entrance to the facility and was observed to be covered during the visit. All bathroom facilities were clean and functional. Girls have access to 2 full bathrooms and boys also have access to 2 full bathrooms. Each bathroom has a toilet, sink, and one shower. Walls appeared clean and void of soil, stains, or graffiti. The facility is well lit throughout. The program uses two minivans to transport youth. Both vehicles are equipped with first aid kits, fire extinguishers, glass breaker, and seat belt cutter. However, no flashlight and air bag deflator was present in either vehicle during the tour. Per ED, air bag deflators are scarce to obtain and the ones found are large and costly. Note, fire extinguishers were at full capacity but were not checked/tagged by safety inspection vendor. The inventory is conducted on kitchen storage location only and not chemicals stored in other locations. At the time of the tour, the last inventory was conducted 3/21/22; however, the inventory was not up-to-date and 5 different items were in the kitchen closet but not updated on the inventory (disinfectant neutral cleaner, Up &amp; Up laundry detergent, Arm &amp; Hammer laundry detergent, Febreze, and Clearview window cleaner). No MSDS sheets were on file for four of the five items (MSDS only available for Clearview window cleaner).
